Soft skills

Customer service	Teamwork
Problem solving	Flexibility
Innovative	Organized

My 10+ years of experience in medical equipment management has allowed me to be passionate about programming, with experience in web development and implementation of technological solutions. My objective is to apply my skills as a front-end developer within a project management team. I bring my professional background to evaluate a project as a full entity to successfully design, program and implement solutions for clients.

Skills

HTML	React JS	Ruby
SASS	javaScript	Ruby on Rails
CSS	Git
